Action Taken Report on Feedback

2021-2022

The feedback from Students, Parents, Alumni and other stakeholders is collected through online portal developed by the Internal Quality Assurance Cell (IQAC) of the College. Because of the online feedback mechanism the transparency in feedback collection is retained. The questionnaires' are designed to collect the opinion about Curriculum, Teaching- Learning process, Physical Facilities and ICT Facilities available at the college. Analysis is done on four point scale and overall score is obtained for each feedback category. The overall feedback from all stakeholders is very good. They had given few valuable suggestions.

The students had given very good feedback about the Curriculum, Teacher and College. The overall score for most of the teachers is well above 3, which means the students are gratified with the teaching methods adopted by the teacher. The response about curriculum is very good and student are highly satisfied with the new choice based credit system adopted by the Savitribai Phule Pune University, Pune from the academic year 2019-2020. This credit system has introduced various skill enhancement courses for every faculty in addition to this some extra credits can be earned for various activities performed by the students such as Paper Presentation, Participation in sports, NSS, NCC and other Curricular, Co-curricular activities.

The feedback from alumni is sought, the overall score is 2.87. The alumni of the college submitted their vital suggestion to college. Some of activities conducted by the college during the pandemic situation are appreciated by the Alumni. According to the suggestion skill enhancement courses like Sericulture, Mushroom Culture, Python Programming, Cosmetology, and Haematology courses were started in college, these courses are approved by the National Skill Qualification Framework (NSQF). Computer Science department has started MOU with Tata Strive. Tata STRIVE is the skill development initiative under Tata Community Initiatives Trust (TCIT). Designed by Google, this self-paced, online training programs are provided for the careers in the high-growth fields of project management, user experience (UX)

design, data analytics, IT Automation, IT support and Google IT Automation with Python Professional Certificate.

Parent's feedback is collected the analysis shows the overall grading 2.93. Many parents had written that the "college is excellent", "College is very good" etc. in the comment box. The parents have appreciated the hostel facilities available in the college for girl's student. The college administration has taken care of every suggestion communicated to the Principal and Teacher by the parents when they visited to the college. There is always a healthy relation between the parents and college staff.

The Management of the college has always monitor the overall administration and teaching learning process of the college. They had suggested that more number of faculties should involve in the research and published their research paper in reputed journals so that the overall contribution of the college in research will be enhanced. The college is encouraging the faculties to do the same.
